

SHARON KOECH

IT Consultant

Profile

A highly motivated IT Consultant with a strong background in Business Information Technology. Experienced in IT consulting, website management, and logo design, with a proven track record of efficient task management, exceptional customer support, and accuracy in data entry. Proficient in Google Workspace, project management tools like Trello and Asana, and skilled in handling confidential information. Adept at coordinating travel, managing complex schedules, and supporting executive decision-making.
